Documentation - URS / UAT / FAT / etc

RESUME

PROFESSIONAL SUMMARY

Innovative, creative and a proven team player, I possess a IT Degree in Software Engineering and have 1 1/2 years designing and developing websites and web systems. Highly skilled in HTML, CSS, Javascript and working knowledge of UI/UX design. Well-versed in Scrum and Agile. Key Skill includes:

- ☒ Front-End Development
- ☒ UI / UX Enhancement
- ☒ Documentation & Reporting
- ☒ Back-End Development
- ☒ Agile Methodology
- ☒ Project Management

WORK EXPERIENCE

2EN APPS SDN BHD

Feb 2019 - Aug 2019

Web Developer (Internship)

Reason for leaving: End of internship period

Responsible in developing and designing the UI / UX for the project based on the requirements and business logic provided by System Analyst(SA). Among the projects are MyMajikan, i-Accounts and NTP107.

Key Contributions

- Served as a "face" of the organisation.** Participate in User Requirement Session(URS) for i-Akaun (Accounting system) with Majlis Bandaraya Shah (MBSA) involves 12 modules.
- Turn an ideas into a design.** Converting ideas into a wireframes, mockups, prototypes for projects such as MyMajikan(Payroll system) and i-Akaun (Accounting system).
- Turn a design into code.** I am developing user interface(UI) for MyMajikan, i-Akaun and doing back-end development for MyMajikan with Laravel.

IREKA SOFT SDN BHD

Dec 2014 - Dec 2015

Front End Developer

Reason for leaving: Further study

Responsible in implementing visual elements that users see and interact within a web application. Collaborate with back-end developers to improve usability of the company products such as Sirah 25 Rasul, TAPPS, Bola Tickets and TVKita Media.

Key Contributions:

- Designed an effective marketing kit for company products.** Build a creative landing page for TAPPS(Kindergarten management system), Sirah 25 Rasul and TVKita Media using Bootstrap, JQuery and Wordpress.
- Create quality mockups and prototypes.** Stay up-to-date on current design trends by creating a quality mockups and prototypes with high quality graphic standards and brand consistency. Example: TAPPS performs a "flat design" mockups (2015 trend) designed using Sketch 3.
- Optimize websites and applications to ensure fast loading speeds.** I streamlined Sirah 25 Rasul web code and managed to reduce up to 15% speed workload.

WETEX REALTY SDN BHD (Classic Hotel)

Jan 2009- July 2012

Front Office Assistant

Reason for leaving: Further study

Handles Front Desk operations such as handling arrivals, check-ins, and departures for check-outs of all the hotel guests. As FOA, I have to respond promptly to all guests requests, enquiries and complaints.
